Dispatches from points on the Humboldt river contain information of a rapid rise of the waters of the river and several points report flood conditions imminent. The thaw is on in earnest in the Humboldt drainage basin and streams that have been dry for years are filled to overflowing with water from the hills. Wells reports the river on a rampage.

R. FRED BROWN NEW  
VOLUNTEER PRESIDENTFIRE DEPARTMENT WILL BE RE-  
ORGANIZED ON BETTER  
FINANCIAL BASIS

At a well attended meeting of the Tonopah volunteer fire department held last evening in the office of H. E. Epstine, the resignation of W. M. Gotwaldt as president of the organization was accepted and R. Fred Brown was unanimously chosen to the position.

Charles Enquist was chosen a trustee in place of Ray Harris, whose resignation was received. Harry Atkinson, Roger Stenson and R. Fred Brown were appointed a finance committee. Several members made brief addresses. The meeting was called for the purpose of raising funds for rehabilitating the organization financially, for arranging for the repair of the gymnasium, which recently was damaged by fire, and for the perfecting of a better organization for fire fighting.

JANUARY DIVIDENDS  
PRESAGE PROSPERITYTONOPAH CORPORATIONS ADD  
MORE THAN A MERE MITE  
TO THE LIST

That the year 1916 bids fair to be a profitable one for owners of American mines and works is evidenced in the January dividend disbursements of 51 companies reported to Mining & Engineering World. These companies distributed to shareholders during the month \$10,261,776. While the total is not so large as was paid out in January, 1912 and 1913, it is more than twice as large as that of January of last year. With such a beginning, and with the large demand for metals at high prices continuing, it is easily seen that 1916 will prove the banner year for American mines and works, enriching shareholders to more than a hundred million dollars.

Participating in the January, 1916, disbursements mentioned above were nine copper properties, 40 gold-silver-lead-zinc producers and two metallurgical companies.

The nine copper properties made a record for January disbursements, dividing among shareholders \$6,350,325, as compared with \$1,223,124 paid by two companies in January, 1914, and \$5,309,098 paid by 12 companies in January, 1913, the record year for copper producers. Anaconda contributed over one-half to last month's dividends—\$3,496,875.

The gold-silver-lead-zinc producers did not enjoy as good a January as in 1914 and 1915, owing largely to the fact that many paid dividends in December last that were formerly paid in January. Thirty-seven companies, however, classed as gold-silver-lead-zinc producers, paid dividends during the month totaling \$1,992,438. This compares with \$2,436,042 in the preceding January.

Among the various companies paying dividends in January were the following in Nevada: Tonopah Belmont, \$187,504; Tonopah Extension, \$95,444; Tonopah Mining, \$150,000; Yellow Pine, \$70,000.

MIKE GLOGAVAZ, the successful Montana leaser, returned this morning from a hurried business trip to the coast.

## PAINFULLY INJURED

W. P. Brown, cager at the winze on the 700 level of the Wandering Boy shaft of the Jim Butler Mining company, was injured about the head yesterday when some rock caved on him in the workings. He is able to be about today, but is not sufficiently recovered to resume his duties.

## MANY ATTEND FUNERAL

The funeral services over the remains of Mrs. James Meadows, whose demise was announced in the News, Saturday last, were held here at one o'clock, at the Methodist church, Rev. Roissy conducting. A large throng of Mason Valley people braved the extremely inclement weather in order to attend the services at the church and at the cemetery. It was a fitting tribute to the memory of a highly esteemed pioneer of the community, says the Mason Valley News. Of the six children that survive, one is S. V. Parker of Tonopah.

## AMUSEMENTS

## BUTLER THEATER

Tonight's the night, when "The Battle Cry of Peace," the greatest picture of the year, will be shown at the Butler. Produced at an enormous cost, and put on in a gigantic manner, "The Battle Cry of Peace" deals with the subject which is today nearest the heart of every American citizen—the problem of America's unpreparedness. It portrays the defenseless condition of our country; the consequences to which this condition may lead; and the way to avoid these consequences. The city of New York is attacked by a powerful foe. You are an eye witness. You see the most beautiful skyline in the world in flames; the metropolis of the western hemisphere devastated. You see New York fall into the hands of the enemy; and the destruction that follows. Then you are shown the way such a calamity can be avoided—the one way. Shown the way to peace, the peace for which America so earnestly prays, the peace with honor.

This picture was produced on a scale never before attempted in motion pictures. It is the talk of the country. It has been endorsed universally by the press and the country's foremost men. Tonopah is undoubtedly the smallest town in which this picture has yet been shown; it has not yet left the cities, where it has played week after week in the big houses, to admissions ranging from 25c to \$2.00. The first show in the evening will start at 6:30 prompt and everyone is urged to come early. The second show will start at 8:45. Special music written expressly for the picture, will be furnished by a four-piece orchestra, Messrs. Julius Goldsmith and Joe Monahan being the added features to the regular Butler orchestra. It will be a big show, and one that everyone should see.

Tomorrow, Maud Allen, the world-famed dancer, in "The Rug-Maker's Daughter."

NEVADA OFFICIALS  
IN SILENT DRAMA

A motion picture concern visited Carson City yesterday and took a number of views of the capitol building, with Governor Boyle playing an important part. Several views were taken and a number of the state officials were invited to be in evidence. After views had been taken of the grounds and building, the silver service, that is still in the office of the governor, was included in the films. The company taking the pictures stated that they were being taken for educational purposes and that all the capital cities in the United States were to be represented. — Carson News.

STATE CHAMPIONS  
LOSE TO TONOPAH

(Continued from Page 1)

trude Rippingham performs this task for Tonopah, and does it excellently. We will be bold enough to predict here that should an "All Nevada" team be picked Gertrude will be its center.

Lloyd McCubbin, University of Nevada girls' coach, and star basketball player, refereed, and his fairness was absolute. A short argument arose when he deemed it advisable to disqualify Fanny Holmes for making a declaration against her opponent. She was replaced by Arreen Dalzell, however, and the game rolled merrily on, with Tonopah the constant leader.

Miss Holmes is to be congratulated on the attitude she assumed. Her position was fully justified, and was a splendid example of the high character of the Tonopah team.

Mr. Cross, as coach, has labored unceasingly with his team, and now that victory is more than a star in the far away east, he beams pride and satisfaction. Well he may.

The Reno girls will leave tomorrow morning for their home town.

SONG RECITAL AT  
PRESBYTERIAN CHURCH

The song recital to be given by Prof. R. B. Kanouse and pupils will take place in the Presbyterian church, Monday night and realizing that this is a night when other social gatherings will be held, this musical will start promptly at 7:30, getting through in ample time for those present to attend other engagements for the night. A treat is in store for the music lovers.

JOE JOSEPHS, heavily interested in the McNamara and until recently one of the largest owners of the West End mine, is up from the coast.
